

Ungyu Lee

Integrated Master's and Ph.D.

ungyui24@snu.ac.kr

EXPERIENCE

250106~250108 KSMCB Poster: AI-Assisted Design of High-Affinity Miniproteins Targeting Human Serum Albumin
250316 한백 이철영 장학금

EDUCATION

B.A course

Food Science and Biotechnology

Seoul National University

2019 - 2023, Seoul

Integrated Ph.D. course

Foodbiochemistry lab

Seoul National University

2019 - 2023, Seoul

Tools & Technologies

AI development, Protein design, X-ray crystallography

Other Skills

cloning, DNA purification, bash, python, pytorch

Languages

Korean(native)

English (professional)
